PROJET DE LOI

ENTITLED

The Customs and Cross-Border Trade (General and Enabling Provisions) (Bailiwick of Guernsey) Law, 2018

THE STATES, in pursuance of their Resolution of the 18th July, 2018^a have approved the following provisions which, subject to the Sanction of Her Most Excellent Majesty in Council, shall have force of law in the Bailiwick of Guernsey.

PART 1

Import duty, the customs tariff, and customs arrangements

Import duty.

1. (1) Subject to the provisions of this Law (including but not limited to subsection (3)), the Customs Law, and any subordinate legislation made under them, a duty of customs (to be known as "**import duty**") shall be charged in accordance with this Part by reference to the importation of all goods into the Bailiwick.

(2) For the avoidance of doubt, import duty is a duty of customs for the purpose of the Customs Law, and shall be collected and paid as such in accordance with that Law.

^a Article IV of Billet d'État No. XIX of 2018.

(3) The States may by Ordinance specify that goods imported from specified countries or territories (including the European Union) shall not be subject to import duty.

The customs tariff.

2. (1) The States may by Ordinance establish and maintain in force a system ("the customs tariff") which –

- (a) classifies goods according to their nature, origin or any other factor,
- (b) specifies the rate of import duty applicable to goods falling within such classifications (whether by a formula or otherwise), and
- (c) contains rules for determining the amount of import duty applicable to those goods.

(2) The customs tariff may –

- (a) provide for the amount of any import duty applicable to any goods falling within any classification to be determined by reference to either or both of the following –
 - (i) the value of the goods,
 - (ii) the weight or volume of the goods or any other measure of their quantity or size,

- (b) include provision as to the meaning of any expression used in it.

(3) An Ordinance under subsection (1) may establish and maintain in force the customs tariff, in whole or in part, by providing that regulations or other instruments (or any part thereof) imposing, or making other provision in relation to, a tariff of customs duties from time to time having effect in the United Kingdom or the European Union ("**external tariff regulations**") shall have effect in the Bailiwick as they have effect from time to time in the United Kingdom or the European Union (as the case may be).

(4) An Ordinance making provision of the type specified in subsection (3) may specify amendments and modifications subject to which external tariff regulations shall have effect in the Bailiwick.

(5) Without prejudice to the generality of the foregoing, and by way of example only, an Ordinance under subsection (1), whether or not it makes provision in respect of external tariff regulations, may provide that the amount of import duty applicable to any goods shall or may be amended or adjusted in particular circumstances or cases, and by reference to –

- (a) specified goods or specified descriptions or classifications of goods,
- (b) the country or territory from which the goods originate,
- (c) the amount of import duty applicable to any goods that are subject to a quota,

- (d) the temporary lowering of the rate of import duty applicable to specified goods, and
- (e) arrangements made by –
 - (i) the Bailiwick with Her Majesty's government in the United Kingdom (including but not limited to arrangements of a type specified in section 3),
 - (ii) the Bailiwick with the government of a country or or territory outside the Bailiwick and the United Kingdom, and
 - (iii) Her Majesty's government in the United Kingdom with the government of a country or territory outside the Bailiwick and the United Kingdom.

(6) For the avoidance of doubt, an Ordinance under subsection (1), whether or not it makes provision in respect of external tariff regulations, may make provision ancillary and incidental to the customs tariff, such as (but not limited to) the issue of licences, certificates and similar documents for purposes related to the implementation of the customs tariff or external tariff regulations.

(7) An Ordinance under this subsection (1) may provide that rulings or determinations given or made by HMRC officers, any other specified persons, or otherwise by or on behalf of the customs service or authority of any other specified country or territory, relevant to –

- (a) determining any issue as to the code in the customs tariff applicable to specified goods or goods in a specified category, or
- (b) determining the place of origin of goods for the purpose of this Part,

shall have effect in the Bailiwick.

Specific customs arrangements with the government of a country or territory outside the Bailiwick.

3. (1) This section applies if arrangements are entered into between—

- (a) the Bailiwick, and
- (b) the government of a country or territory outside the Bailiwick,

establishing specific customs arrangements between the Bailiwick and the country or territory.

(2) Specific customs arrangements are established between the Bailiwick and a country or territory if –

- (a) they provide that no duty is to be chargeable by reference to the movements of goods, or goods of a specified description, between the Bailiwick and the country or territory, and

- (b) they provide for the same, or substantially the same, rules for charging duty on imports of goods, or goods of a specified description, from places outside the Bailiwick or the country or territory.

(3) For the purposes of this section, "**duty**" means –

- (a) import duty, or
- (b) any duty (however described) imposed by the law of the country or territory that is of a similar character to import duty,

and "**specified**" means specified in the arrangements.

(4) The Committee may make regulations generally for carrying out any arrangements having effect in accordance with this section.

(5) Without prejudice to the generality of subsection (4), regulations made under this section may –

- (a) modify or disapply provision made under this Law or any other enactment,
- (b) treat anything done by the government of a country or territory as if done by the appropriate authority or person in the Bailiwick, and

- (c) apply or replicate, with or without modifications, provision relating to duty under the law of a country or territory as that provision has effect from time to time.
- (6) Examples of the kind of provision within subsection (5)(b) are–
- (a) provision treating an agreement entered into by a country or territory as if it were entered into by the Bailiwick, and
 - (b) provision treating a system for determining the amount of duty established under the law of a country or territory as if it were the customs tariff mentioned in section 2.
- (7) A court or tribunal shall have due regard to –
- (a) any arrangements having effect in accordance with this section, and
 - (b) relevant decisions of designated courts in the United Kingdom relating to such arrangements,

when considering any matter to which those arrangements are relevant.

Supplementary

Valuation of goods chargeable to import duty.

4. (1) For the purposes of import duty, the value of goods is the

transaction value of the goods when sold for export to the Bailiwick.

(2) For this purpose "**the transaction value**" means the total amount of the consideration –

- (a) payable for the goods, or
- (b) payable in connection with the importation of the goods into the Bailiwick,

subject to the provision of regulations made by the Committee.

(3) The Committee may make regulations making provision for treating a matter to be of a specified amount or value, and for the value of goods for these purposes to be a value other than the transaction value.

(4) By way of example, and without prejudice to the generality of the forgoing, regulations under this section may make provision dealing with –

- (a) transactions between persons who are related to, or connected with, each other in a specified way,
- (b) cases where a transaction value cannot, or cannot readily, be determined, and
- (c) cases where goods were paid for in a currency other than sterling.

Determination of place of origin of goods chargeable to import duty.

5. (1) For the purposes of import duty goods are to be regarded as originating from a country or territory if they are wholly obtained in that country or territory.

(2) If goods are obtained in two or more countries or territories, the goods are to be regarded as originating from the last country or territory in which substantial processing of them has taken place that is economically justified.

(3) Processing of any goods is to be regarded as substantial only if–

(a) it results in the manufacture of a new product or represents an important stage of manufacture, and

(b) it takes place in an undertaking equipped for the purpose.

(4) It is for the person making a customs declaration to show that goods originate from a particular country or territory.

(5) The Committee may make regulations making provision for the purposes of this section, including (by way of example, and without prejudice to the generality of the foregoing) provision –

(a) for determining what constitutes, or does not constitute, processing that is economically justified,

(b) for determining what constitutes or does not constitute

an important stage of manufacture,

- (c) as to cases in which goods are, or are not, to be regarded as originating from a country or territory,
- (d) as to cases in which goods are, or are not, to be regarded as being wholly obtained in a country or territory, and
- (e) as to the evidence which is to be required, or to be sufficient, for the purpose of showing that goods originate from a particular country or territory.
