78.-(1) The [Committee] may by a notice published [in the prescribed manner] provide that it shall be the duty of the person who is the operator of an aircraft which is to take off or land at [an aerodrome] to secure that, after the aircraft takes off or, as the case may be, before it lands at the aerodrome, such requirements as are specified in the notice are complied with in relation to the aircraft, being requirements appearing to the [Committee] to be appropriate for the purpose of limiting or of mitigating the effect of noise and vibration connected with the taking off or landing of aircraft at the aerodrome.

(2) It appears to the [Committee] that any requirement specified in relation to [an aerodrome] in a notice published in pursuance of subsection (1) above has not been complied with as respects any aircraft [it] may, after affording to the person who at the relevant time was the operator of the aircraft an opportunity of making representations to [it] with respect to the matter and after considering any representations then made by that person, [take such steps as may be necessary to ensure that facilities are withheld to such extent as the Committee may determine from aircraft of which the person aforesaid is the operator and from his servants].

(3) If the [Committee] considers it appropriate, for the purpose of avoiding, limiting or mitigating the effect of noise and vibration connected with the taking-off or landing of aircraft at [an aerodrome], to prohibit aircraft from taking off or landing, or limit the number of occasions on which they may take off or land, at the aerodrome during certain periods, [it] may by a notice published [in the prescribed manner] do all or any of the following, that is to say –

- (a) prohibit aircraft of descriptions specified in the notice from taking off or landing at the aerodrome (otherwise than in an emergency of a description so specified) during periods so specified;
- (b) specify the maximum number of occasions on which aircraft of descriptions so specified may be permitted to take off or land at the aerodrome (otherwise than as aforesaid) during periods so specified;
- (c) determine the persons who shall be entitled to arrange for aircraft of which they are the operators to take off or land at the aerodrome during the periods specified under paragraph (b) above and, as respects each of those persons, the number of occasions on which aircraft of a particular description of which he is the operator may take off or land at the aerodrome during those periods.
